Friday 11 April	Breakfast club 'Lights and sirens' drill – 11.00? Time to be confirmed Last day of school!!

*Part of the assembly will be outdoors, and you may be in the sun for a few minutes. To set a good 'sun-smart' example for the students, please bring a hat.

Tyres – Thank you, Daniel Birch!

I'd like to thank Daniel Birch who provided the machine-power and manpower to remove the remaining Coorakkar tyres from our site and successfully appealed to the Coorow shire council to waive the significant dumping fee. I am no longer having nightmares about snakes, bushfires and Education Department risk assessments! Thank you, Daniel!

Solar Car Challenge

Our students did so well at the big Solar Car Challenge event. Their behaviour and effort were awesome, and even though it was extremely hot in Geraldton and even hotter on the bus coming home, they didn't complain. Both teams' cars ran well, and one car even won one race. We would like to thank Synergy who funded the bus trip so our students could compete.

miniQuill Survey

It has been nearly a term since we introduced the miniQuill. It takes some time to prepare each week, and I am happy to do this if people find it useful, but if not, that time could be better spent on other tasks.

I sent this survey out last week but received no responses. If you would like us to continue to publish the miniQuill, please let me know and tell what you think of it (or tell me how it could be improved) with this very short, 2 question survey. 2 minutes maximum!

Even if the miniQuill is useful for only 2 or 3 families, I am happy to keep it going, so please complete the survey.

You can find the survey here: <https://forms.office.com/Pages/ResponsePage.aspx?id=-RaA4P3Ru0yDsLdutDYWJ6wMm6FZJ0NBuTKAbBJ81eNUQVJMSDJHTEVPS09WVzE5OEVT RDJLWTgzNC4u> , or use the QR code below.
