The mini Quill

Term 3, Week 8

Dear parents

It's a busy week this week with lots of events. Events are an important part of our planned activities. They provide ways for children to learn in different ways, and often in very challenging but non-threatening ways. I also try to make sure that our students don't miss out on any opportunities, just because we live in an isolated area. This week we have a special incursion and a special excursion!

Incursion: The Circus Challenge This one is always great fun – it is amazing to see how resilient and determined the kids can be when they really want to master a special skill.

Excursion: WA College of Agriculture – Morawa I'm very grateful to the staff at Morawa Ag for providing a special day of activities for our Yr 4-6 students. I was disappointed when we couldn't attend their open day, but this is even better.

Father's Day

I hope all the dads and other 'significant blokes' in our kids' lives will be able to join us for our Father's Day celebrations on Monday, beginning at 8.50.

Don't forget to bring your tool boxes and lots of 'junky objects' for your construction challenge. The morning will finish with a sausage sizzle morning tea at 10.30. Dads are welcome to head off once they have eaten, or to stay and enjoy recess with their kids. The bell for the end of recess goes at 11am.

Have a great week, everyone.
